

# Is Your Quality System Holding you Back?

**Missing Production Targets?**

**Customer Complaints?**

**Too Much Scrap & Rework?**

**Not Reaching Company Goals?**

From now until September 30th, **SAVE 50%** on ProFicient Enterprise Edition or on a one-year contract of ProFicient on Demand when you switch from your current SPC system.\*

Upgrade to ProFicient now and discover why InfinityQS is the world's most powerful quality control solution.

## The InfinityQS Advantage

- ▶ **Rapid Return on Investment:** InfinityQS customers see a return on their investment from decreased scrap and rework within months of implementation.
- ▶ **Technical Expertise:** InfinityQS' six sigma black belts, certified quality engineers (CQEs) and industrial statisticians deliver the expertise to help customers achieve their quality objectives.
- ▶ **Ease of Use:** Intuitive user interface keeps it simple for shop floor operators
- ▶ **Dynamic Reports:** Unique and flexible setups provide real-time line-to-line and plant-to-plant comparisons
- ▶ **Integration:** The ability to connect with other manufacturing systems

\*Annual Maintenance Agreement (AMA) at standard discounted rates required with purchase. Proof of purchase of competing system is required. 50% replacement discount applies to SPC seat-to-seat exchanges only. Purchase order must be submitted by September 30, 2011. No substitutions, not valid with any other discounts or offers.
